MEDIA ADVISORY

April 8, 2011

I-15 CORE Crews Scheduled to Close One Southbound I-15 Lane in American Fork Beginning Night of April 10

24-7 lane restriction expected to last up to two weeks

WHAT: Construction teams on UDOT's Utah County I-15 Corridor Expansion (I-15 CORE) are scheduled to close one southbound I-15 lane from 500 East in American Fork to 200 South in Lindon as early as the night of Sunday, April 10. This restriction will remain in effect 24 hours a day for up to two weeks as crews pave new concrete adjacent to the lanes.

Motorists should anticipate moderate to heavy delays during commute times. The restriction will be in the far left lane to ease potential congestion.

I-15 CORE is reconstructing 24 miles of I-15 from Lehi to Spanish Fork, adding two additional travel lanes in both directions and replacing the aging asphalt road surface with a durable 40-year concrete pavement by December 2012.

WHEN: Beginning Sunday, April 10, at night and remaining in effect 24 hours a day for up to two weeks

WHERE: Southbound I-15 between 500 East in American Fork and 200 South in Lindon
